

A RADIATING THRILLER
OF COSMIC PROPORTIONS!

GAMMA RAY GHOULS

IN THE DEPTHS OF THE UNIVERSE, THE CORES OF TWO COLLAPSED STARS VIOLENTLY MERGE TO
RELEASE A BURST OF THE DEADLIEST AND MOST POWERFUL FORM OF LIGHT, KNOWN AS GAMMA RAYS.
THESE BEAMS OF DOOM ARE UNLEASHED UPON THEIR UNFORTUNATE SURROUNDINGS, SHINING
A MILLION TRILLION TIMES BRIGHTER THAN THE SUN FOR UP TO 30 TERRIFYING SECONDS.

NO SPACESHIP WILL SHIELD YOU FROM THE BLINDING DESTRUCTION OF
THE GAMMA RAY GHOULS!
