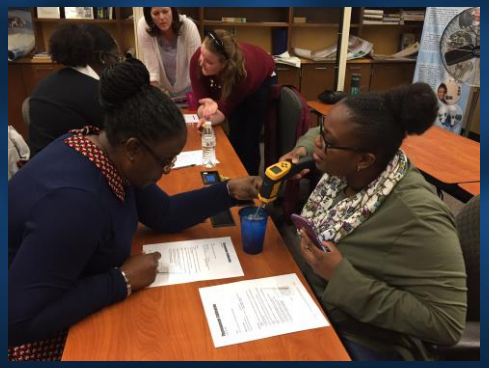
GLOBE Workshop at Elizabeth City Sate University (ECSU)

Final Face to Face Workshop Event on Saturday, February 18, 2017

A total of 10 new GLOBE Teachers were certified in the following GLOBE Protocols: Clouds, Air Temperature, and Surface Temperature.

NASA Langley provided a hybrid GLOBE Training for both in-service teachers and pre-service students at ECSU. Participants conducted online GLOBE eTraining prior to participation in the face to face training.



Left: Teachers discuss how various factors including ground cover and proximity to buildings might impact temperature. Middle: Teachers practice collecting surface temperature data using an Infrared Thermometer. Right: Teachers calibrate their instruments using an ice water bath.
