

Webb Mirror Paper Snowflake

This pattern can be made using either an 8.5" x 11" or an 8.5" x 8.5" square piece of paper along with scissors. Try making the snowflake out of tissue or wax paper too!

Instructions

Fold in half

Fold in half again

Open back up

Fold right side to the middle crease

Open back up

Fold left bottom corner to meet the second crease

Fold the right bottom edge to align with the left edge

Fold the right side behind the left along the center crease

Cut folded paper along line

Cut me out and trace me!

(Dark parts get cut out of snowflake)
